THE TRUSTEES OF RESERVATIONS

1891 - 1963

SEVENTY-THIRD ANNUAL REPORT

The Standing Committee of THE TRUSTEES OF RESERVATIONS wishes to thank all who, through financial assistance or any other form of contribution, have helped to make this another outstanding year.

Seventy-three years ago, The Trustees of Reservations was incorporated by Chapter 352, Acts of 1891, Massachusetts General Court, for the "purpose of acquiring, holding, arranging, maintaining and opening to the public under suitable regulations, beautiful and historical places and tracts of land within this Commonwealth." The Trustees now hold for the public benefit 39 Reservations comprising some 5,909 acres of land, each of which is described hereinafter.

The Trustees provide a ready and trustworthy instrument by means of which persons who desire to effect the permanent preservation of any interesting or lovely spot in Massachusetts can accomplish their purpose. Property held by The Trustees is exempt from local taxation, and gifts to the Corporation are deductible under the relevant provisions of the Federal Income Tax or Federal Estate Tax laws.

It is a policy of The Trustees to have reservations of distinctive character that will satisfy a wide scope of public interest. Many of their open space areas are unique in botanical, geological and ornithological interest. Wide vistas from hilltops, wooded trails, and sandy beaches provide untold peace and relaxation in these hurried days of modern living.

Historic sites well exemplified by The Old Manse in Concord, The Mission House in Stockbridge and the Bryant Homestead in Cummington date back to the early days of our country. These are all yours to enjoy.

As The Trustees face the future, they realize that their responsibilities are great. The steady and ever-increasing tempo of absorption of beautiful open-space areas by highway expansion, real estate and industrial development, compels action now, before it is too late, in preserving lovely areas for future generations to enjoy.

ANNUAL MEETING

The Seventy-third Annual Meeting of the Corporation was held in The Trustees of Reservations' headquarters at the Pierce House in Milton on Wednesday, January 29, 1964 at 2:30 p.m. with President Laurence M. Channing presiding.

SECRETARY'S REPORT

Secretary Arthur H. Phillips read his report, as follows:

At the initial meeting of the Standing Committee February 14, 1963, Charles E. Mason, Jr. was re-elected Chairman, and George G. Loring, Francis W. Sargent, Sidney N. Shurcliff and John M. Woolsey, Jr. were welcomed as new members.

During the period of November 1, 1962 to October 31, 1963, one hundred five associate and/or contributing members, twenty-one new life members and seven new founders were enrolled.

1963 ANNUAL LUNCHEON CONFERENCE

On Saturday, June 29th, The Trustees' Annual Luncheon Conference was held at our Bartholomew's Cobble Reservation in Sheffield. President Laurence M. Channing presented The Trustees' annual conservation award to our good friend in Berkshire County, Donald B. Miller, for his many years of active and devoted service in the field of conservation. The 150 guests enjoyed exploring the many wooded trails winding through this natural wild garden reservation.

The year 1963 was notable for its activity. Naturally, along with our accomplishments we have had problems. Among them, we entertain a growing concern regarding the Great House at Castel Hill in Ipswich. Committees have been appointed to study and recommend what action The Trustees should take in facing the problems of maintenance and of finding a more meaningful use of the buildings and grounds. David C. Crockett, who is retiring from our Standing Committee at this time, has been elected president of the Castle Hill Foundation for the 1964 season. The Trustees are grateful to Mr. Crockett for his long-time interest and service, and particularly for his willingness to help the Foundation.

Another matter of prime concern pertains to the action of the Town of Stockbridge in selecting as one of their two possible sites for the erection of their new high school about twenty acres of our lower field at Naumkeag. Without our knowledge a bill was passed in the last session of the General Court authorizing the Town of Stockbridge to acquire this piece of property from The Trustees by purchase or otherwise. Naturally, we are opposing this move by every means in our power, not only because of the detriment to our Naumkeag reservation, which it entails, but also in implementation of our policy of opposing the misuse of park land which has been left in trust for public enjoyment.

ACQUISITIONS

In December 1963, we acquired a new reservation known as the Tyringham Cobble, in Tyringham, consisting of some two

SEVENTY-THIRD ANNUAL REPORT

hundred and twenty acres of unique upland pasture and woodland in the heart of the charming Tyringham Valley. This reservation was the generous gift of Dr. Rustin McIntosh, Mrs. Francesca Gilder Palmer and Mr. Edward N. Perkins. Under the will of Mrs. Olivia James, we have been given twenty thousand dollars as an endowment to care for this exceptionally beautiful area.

In early January 1964, we acquired another new reservation known as Chapelbrook, in South Ashfield. This magnificent forest area of one hundred and twenty-eight acres, featured by Pony Mountain and a lovely brook with a series of waterfalls, has been given to us by Mrs. Henry T. Curtiss in memory of her husband.

At Agassiz Rock an inholding known as the Proctor land of four acres was purchased from funds received from loyal friends.

At Bartholomew's Cobble we purchased for three thousand dollars about fifteen acres, being the ox bow on the Housatonic River adjoining our present holdings, and a strip of land twenty feet in width bordering on that stream.

At Chesterfield Gorge we purchased for one thousand dollars several hundred feet of high riverbank, thus extending our boundary in a manner giving important additional protection to the Gorge itself.

At the Charles W. Ward Reservation in Andover, we purchased for five thousand dollars an enclave of about forty acres consisting of woodland swamp and upland.

At Noon Hill in Medfield, Henry L. Shattuck very generously made a gift of twenty acres adjacent to our present holdings.

Conrad G. Goddard made a gift to the Bryant Homestead of a Sheraton sideboard, with original brasses, and a Cherry highboy, which were originally given to the Bryant family by Deacon Ebeneizer Snell, William Cullen Bryant's grandfather.

There are at the present time fifteen new areas we feel reasonably sure of acquiring by bequest, gift or possibly by purchase. These open space areas extend through all sections of the state and total in excess of five thousand acres.

LEGISLATION

In the 1963 session of the General Court a bill was passed and signed authorizing The Trustees to hold up to ten million dollars in real and personal property, rather than five million dollars as previously.

PUBLICATIONS AND PUBLICITY

Our Executive Secretary, during the course of the year, has given The Trustees' lecture to about thirty diversified groups throughout the state. From mid-September to mid-October, we had an exhibition at the State House library depicting our work through the media of pamphlets, publications and colored pictures. We are particularly grateful for the kindness of the State Librarian in this connection.

Several articles by Wayne Hanley, nature editor for the *Boston Herald*, and by Morgan Bulkeley and Hal Borland, feature editors for the *Berkshire Eagle* in Pittsfield, provided much favorable comment and interest.

S. WALDO BAILEY

On April 6, 1963 we were all saddened by the passing of our beloved Bartholomew's Cobble warden, S. Waldo Bailey. The local committee is interested in erecting a simple field museum in his memory. To date a little over two thousand dollars has been raised toward this objective.

Howard T. Bain, residing near Bartholomew's Cobble in Sheffield, very kindly assisted on a temporary basis as warden during the 1963 season and we are all pleased that he has accepted appointment now as full-time warden.

RESERVATIONS MATTERS

Our reservations were well taken care of under the devoted attention and talented supervision of our coordinator, Nathan W. Bates.

As of December 31, 1963 Col. J. Perry Smith resigned as General Manager of Crane's Beach. We all appreciate his dedicated and active service which he so generously gave for many years. Our coordinator, Nathan W. Bates, assumed the management of the beach as of January 1, 1964. Col. Smith continues to help us as Treasurer of the Castle Hill Foundation.

During the year, vacancies that occurred in the local committees were filled by appointment by the Standing Committee, which will be listed in our 1963 Annual Report.

We wish to take this opportunity to express our appreciation for the thoughtful interest and assistance of David C. Crockett and Charles R. Strickland who are retiring as members of the Standing Committee this year.

The members of the Standing Committee wish to extend their sincere thanks to their many friends and to the members of the Local Committees who have contributed so generously to the

SEVENTY-THIRD ANNUAL REPORT

work of The Trustees, and look forward with confidence to the year ahead.

FINANCIAL REPORTS

Treasurer Richard L. Frothingham expressed with warm appreciation sincere thanks to Ralph O. Fenton for his 15 years of devoted service as Assistant Treasurer. Because of ailing health and increasing work load Mr. Fenton retired at the close of the year 1963. As we go to print, we are saddened to report Mr. Fenton's death on February 13, 1964.

See Treasurer's and Auditor's reports on page 67.

DONALD B. MILLER

For his many years of active and devoted service in the field of conservation, not only in the Berkshires but throughout the State, Mr. Miller was presented The Trustees of Reservations' Annual Conservation Award at the Luncheon Conference held at Bartholomew's Cobble on June 29th, 1963.

LUNCHEON CONFERENCE ADDRESS

By Donald B. Miller

I am deeply honored to be the 1963 recipient of The Trustees of Reservations Conservation Medal. However, the honor must be tempered with filial affection and gratitude because, after all, it was my father, Kelton B. Miller, gone since 1941, who instilled in me and his other children the love of the upland countryside, the mountain forest and nature's lovely bounty, wherever located. And perhaps more important, it was he who made it possible for me to help materially in the kind of work to which this splendid organization is dedicated. So while I was initially reluctant to accept this honor because it could be more fittingly bestowed to others in this field, I was persuaded that I should accept for the reason that in so doing, you were in large measure also honoring my father.

It is also fitting that this ceremony should be taking place here at the Cobble. Of the many beauty spots in the Berkshires, I think it was the Cobble that moved my father most. Over the years he frequently came here on picnics, though he was no botanist. But what moved him quite aside from the great charm of these craggy acres (after all, Chesterfield Gorge and Windsor Jambs in their way are equally as arresting) was that this place of surpassing pastoral serenity was in private hands and not dedicated forever to public use and enjoyment. How well I can remember the plotting with Laurence Fletcher in his newspaper office during the mid-30s on how the deed could be consummated. And I must say here that, if possible, Laurence Fletcher's enthusiasm for the acquisition was as great as my father's. The plotting and scheming went on for several years, as I recall. And it wasn't wholly a question of price. Understandably, the Conklin family was reluctant to part with so rare a gem. And alas, the sale was not consummated in his lifetime. It was not until 1946, five years after his death, with World War II intervening, that The Trustees took title. And while I do not know, I venture the guess that the purchase price came as easily as any property that The Trustees possess by purchase when several donors are involved.

And as long as I have mentioned my father, I must, of course, gratefully mention that the Morgan and Higgins families of Worcester, always staunch friends of this organization, were also extremely helpful in making the purchase possible. And while I am citing names, I must not fail to mention the late Miss Mabel Choate, and the late Rodney Proctor, both of Stockbridge, who were most helpful in many ways after the Cobble was set up as one of the 37 reservations or properties of The Trustees. And last but not least, one must mention the late S. Waldo Bailey, the

first warden, who was Berkshire County's closest approximation to Henry David Thoreau—and *how* close we are only beginning to discover through the commentaries on Waldo's way of life by his pupil, friend and admirer, Morgan Bulkeley, who heads the Cobble's local committee. Waldo gave the greatest possible spiritual meaning to these few intensely loved acres. We shall not know the likes of him again but the conservation movement in Berkshire County and Massachusetts will be infinitely stronger for his memory.

I cannot sit down without expressing my profound appreciation for what The Trustees have done over the years for Berkshire County—and in so doing I know I speak for all my fellow citizens. It is interesting to note that of the 37 properties administered by The Trustees, 8 are west of the Connecticut River and 4 are in Berkshire County. Surely, as far as The Trustees are concerned, the state line extends beyond Dedham!

Actually we are appropriately met today when you have picked Berkshire County for your annual prize day, so to speak. While The Trustees founded in 1891 is a model organization in the sense that both the National Trust of England and the National Trust of the United States were patterned directly on it, we are proud in Berkshire County to have been the seat of the first village improvement society in the United States, founded in 1853: The Laurel Hill Society of Stockbridge. And what a model that has been!

Certainly if the need of such organizations was evident in the 19th century, what is their need now with the population explosion made more disturbing by its terrifying allies, the automobile and the bulldozer? The question answers itself. Let us, then, not falter with the new dimensions and the frightening new urgencies of our job. Let us rather take heart in the fact that what was once the task of idealists, nature-lovers and the protectors of our cultural heritage has now become the crusade of realists battling in the front lines to keep America's physical and natural image from corroding beyond recognition. I can think of no higher calling for serious citizens.

MANAGEMENT OF RESERVATIONS

GENERAL POLICIES

To welcome the public on the Reservations, which are set aside for the enjoyment of natural beauty and the edification provided by historic places.

To preserve The Trustees' lands in pristine condition.

To cherish handsome trees, native wildflowers, and shrubs.

To protect birds and wildlife.

To keep vistas open and excess scrub growth cut down.

To keep all roads, paths, parking areas, picnic grounds, service buildings, etc. simple and inconspicuous.

To preserve historical landmarks.

LOCAL COMMITTEES OF MANAGEMENT

Preamble

All property of all Reservations, together with all their assets and liabilities, belong to and are the responsibility of The Trustees of Reservations.

The Standing Committee determines policies, disbursements of monies and the terms of use of the Reservations by the public. Each Reservation is managed by a local committee approved by and responsible to the Standing Committee and consisting of individuals who have concern for the Reservation and will help administer and oversee it as circumstances require, and one or more members of the Standing Committee and of the Corporation if practicable.

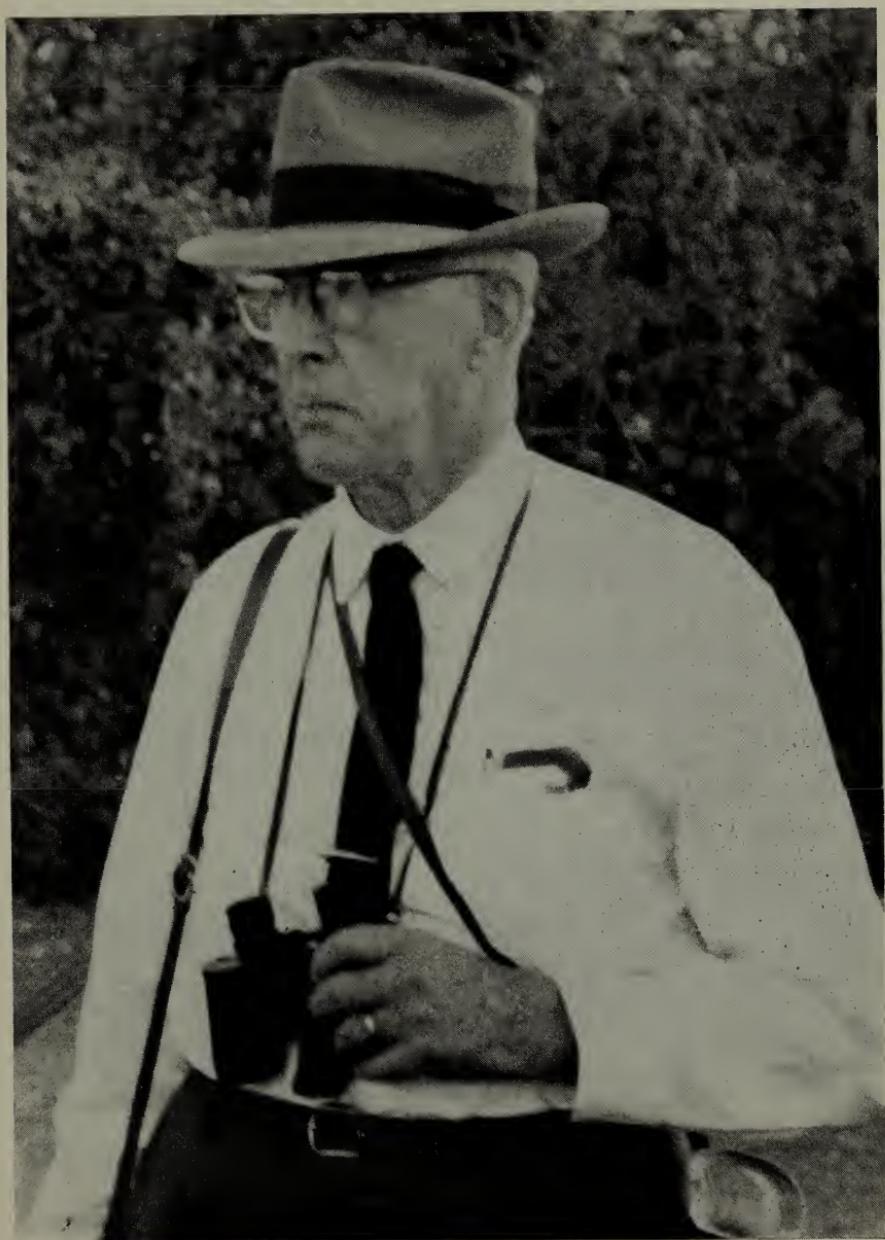

Duties

1. To arrange for the visiting public.
2. To receive income from fees payable for service rendered visitors; to help the Standing Committee find funds for normal and extraordinary expenses of the Reservation; and to report on the same.
3. To hire, pay, and superintend such labor and buy such materials as may be required for construction and maintenance of the Reservation, and to account for the same to the Standing Committee.
4. To protect the Reservation from injury and mistreatment.
5. To report annually to the Standing Committee on matters of current interest.

6. To make recommendations to the Standing Committee for such changes and improvements, construction, and emergency work as may be needed or desirable. This duty includes undertakings which affect the permanent character of the area, such as increase of land holdings; tree felling; building of roads, major trails, and firebreaks; designs for planting, shelters, service buildings, memorials, etc., and alterations of existing buildings.
7. To draw up local rules and regulations for the approval of the Standing Committee, and file in the Office of The Trustees.

Study and appreciation of the Reservation should be encouraged. Where feasible, descriptions of land, local history, geology, botany, ecology, bird lore, and wildlife should be collected and published for the use of visitors.

Where conditions permit, a small area should be set aside in the Reservation where typical kinds of rocks, plants, trees, etc., can be labeled for the information of visitors.

S. WALDO BAILEY

NATURALIST WARDEN BARTHolemew's COBBLE 1946-1963

S. WALDO BAILEY

Tribute by Morgan G. Bulkeley

When one thinks of S. Waldo Bailey, the thoughts embrace all outdoors: birds and animals, ferns and wildflowers, moths and butterflies, trees and grasses, fishes and jeweled insects, mushrooms, mosses and lichens, rocks and minerals, flint and quartz arrowheads.

Entire Berkshire County was his beloved province and especial museum. He knew her every road and mood in all seasons. Bartholomew's Cobble became his showcase. Any walking companion or any of the thousands who visited the Cobble, where he was warden from its inception in 1946 until his death last April at age 77, soon became aware that he had one eye for the larger aspects and one for the specifics of nature. Sky, wood and field, swamp and riverbank, mountaintop, cliff and cobble were his not less than the rare Scott's spleenwort, the twayblade orchis, the first cattle egret (1962) and the last mountain lion (1919) in the county, a Herkimer diamond, a Franklin fluorescent, or an Indian artifact.

Walking at the Cobble in a little cluster of visitors kept back somewhat like mosquitoes by his cigar smoke, Mr. Bailey imparted his lore in a way that kindled enthusiasm akin to his own. Who could forget a plant that Yankee legend said acted as an emetic when the leaves were stripped upward and as a cathartic when stripped down?

Though he was knowledgeable in many sciences, a lover of books and versed in Latin nomenclature, it would be like embracing the wind to label Waldo Bailey an archaeologist, a botanist, a conservationist, a geologist or a zoologist. Experts in all these fields consulted him in his special field—the outdoors. For the small inland area of the Cobble he built an amazing bird list of some 230 species. Further witness to his perseverance and keen eyesight was the collection of over 2,000 perfect arrowheads and artifacts picked up in the field over a lifetime. It was in this pursuit in spring's first quest that he was taken.

His first look at Bartholomew's Cobble was in 1920. In his journal carefully kept for 60 years he recorded: "It was a pleasure to find such a rare rock garden." When The Trustees of Reservations found it in 1946, it was their pleasure and fortune to find such a rare warden to go with it.

In 1957 The Trustees of Reservations acquired by gift this reservation located in the Town of Manchester, Mass. with the initial acreage of 28.8 acres and an endowment of \$5,000. In 1958 an additional 46 acres were acquired as a generous gift of the same friend. Important additions of adjoining land have been purchased: 7.8 acres in 1960 and 2.72 at the end of the year 1961. In 1962, 6.17 acres were added by generous gift of Samuel Knight Sons Co. of Manchester. In 1963, 4 acres were purchased with funds provided by friends.

The features of the Reservation are two huge glacial boulders—"Agassiz Rock" on top of Beaverdam Hill and "Big Agassiz" in a wooded swamp hollow close to the Manchester-Essex town line north of the hill—both said to have been discovered by Professor Louis Agassiz. The open ledges on the hilltops and the gravel pit near the highway provide added geological interest to what is basically a "geologic" reservation.

Another piece of land was added to the Agassiz Rock Reservation in 1963 through the purchase of approximately four acres of deciduous woodland on the eastern edge of the Reservation. Money for this purchase was already available from donations previously made by a number of kind friends. This new addition contains a place known locally as "Three Roads" and joins a separate seven acres of land, already owned by The Trustees, to the main part of the Reservation.

It was very fortunate that the serious woods fire which broke out northeast of the Reservation on October 17th was controlled by the very prompt and efficient action of the Fire Department and other employees of the Town of Manchester, with only a few acres of the Reservation burned.

During the fall a new trail was roughed out from "Big Agassiz" southeasterly, then southerly to "Agassiz Rock", to provide a circular walk. In the spring of 1964 it is hoped to have this new trail completely cleared out and marked.

BARTHOLOMEW'S COBBLE

Dr. Herbert J. Arnold	Mrs. Milton C. Rose
Hal Borland	Anthony Rud
Boughton Cobb	John Storer
Mrs. Lawrence K. Miller	Robert K. Wheeler
Howard T. Bain, <i>Warden</i>	

This Reservation was purchased in 1946 through subscription and donations of interested friends. Various campaigns to raise endowment funds have produced \$10,061.00 to date.

The Cobble, bordering on the Housatonic River, is a unique natural wild rock garden featuring unusual plant life related to the limestone ledges and in the surrounding open fields. Over 600 different species of plants and over 200 species of birds have been identified in this reservation since 1946. Two interesting booklets have been published: "Bartholomew's Cobble" (Botany and Geology) and "Birds of the Cobble" by our Warden, S. Waldo Bailey.

The 1963 season at Bartholomew's Cobble was one of great gains and great losses. Acquisition of the Ox-bow meadow peninsula and a 20-foot strip along the east bank of the Housatonic down to the half-river added 14 acres to the Reservation's original 30. This protects the Cobble, varies its topography and points the way to future expansion.

In early April all Cobble friends were grieved by the loss of S. Waldo Bailey, the first warden, as he was about to open his 17th season. During the long, devoted tenure and guidance of this diversified naturalist, the Cobble retained its wild nature, while yet the rare treasures and vistas were made accessible along inviting pathways. The happy association of Cobble wildness and warden's woodlore and whimsy built this Reservation into a county attraction known to thousands. At its annual meeting the Local Committee endorsed a Waldo Bailey memorial museum and gatehouse. Contributions toward this now total \$2,500, over one-third of the goal.

The Local Committee reluctantly accepted the resignation of Mrs. William A. Berridge, a member from the start and for many years chairman. Hal Borland, Cobble neighbor and naturalist-author, succeeded her as a member of the Committee.

At the end of June the annual luncheon conference of The Trustees was held at the Cobble in river mists, some 150 attending.

During the summer Howard Bain of Ashley Falls performed the warden's duties part time and on weekends. His acceptance of the position the coming year assures a torch-passing since he was a constant field companion of Mr. Bailey's. His keen interest in wildlife and his residence close to the Cobble augur well for the future. Already he has shepherded through a season one heritage from Mr. Bailey, the only Scott's spleenwort we know of in the Commonwealth.

Paid adult admissions in 1963 totaled 1,360, a decline of 115 from last year's all-time record; but non-paying children probably brought attendance close to 3,000.

Discounting all 1963 losses, we cannot help feeling that the Cobble will go on stronger in untamed wildness for having known the spirit of S. Waldo Bailey.

The Bryant Homestead was acquired in 1929 by bequest of Minna Godwin Goddard, granddaughter of William Cullen Bryant, with a legacy of \$10,000. A second \$10,000 bequest by Julia Sands Bryant, daughter of the poet, was added to the endowment in 1930. Conrad G. Goddard conveyed to The Trustees the Bryant memorabilia contained in the Homestead.

Visitors to the Homestead numbered 152 this year. Last year there were a few more, as a group of twenty from the Afro-Asian Institute in New York came up by bus, led by Dr. Bryant. This year he visited us for a couple of weeks, as he was desirous of working on some of the material here. He is writing a book on Bryant as Editor of the *Evening Post*, which has never been done so far. He unearthed some letters from Bryant to his sister Sarah in the possession of Mrs. Weston, of Dalton, a descendant of hers, who married Dr. Shaw, who was a pupil of Dr. Peter Bryant, Wm. Cullen Bryant's father. These letters he has copied and is leaving one set of copies here for the Homestead library.

On account of the very heavy snowfall last winter, the main roof of the barn suffered damage. This has been subsequently repaired and rebraced.

CANAUMET: LOWELL HOLLY RESERVATION

LOCAL COMMITTEE

Wilfrid Wheeler, Jr., *Chairman*

Col. Bernard L. Gorfinkle	Richard P. Wheeler

Lowell Holly Reservation was given to The Trustees in 1942 by bequest of Mr. A. Lawrence Lowell with an endowment of \$10,000.

The reservation is a peninsula bordered by Wakeby Pond and Mashpee Pond featuring a large holly grove, splendid beech trees and plantings of laurel and rhododendron.

The year 1963 was one of great activity at Canaumet, and your Committee is happy to report various basic improvements were made.

Early in the Spring the center of the road leading to the Reservation was scraped down with a bulldozer, gravel was spread in all the low places on the road and other improvements were made so that cars would have no difficulty going in and out. This road work had been needed for some time, and complaints had been received about automobiles dragging on the road when going in and out.

Two new metal fireplaces were installed and two new trash cans secured. In addition, we were able to get two Walpole Woodworking tables for picnickers. Arrangements were made with a local trash collector in Mashpee to empty the barrels each week end and this worked out very satisfactorily.

It is interesting to note that from July 4th through September 1st, the period during which the man was in attendance at the Woods, 92 boats, 124 cars, 1 truck, and a total of 1,042 people, made use of the property. If we project this figure for the entire season, there must have been at least 2,000 people who enjoyed the Woods' trails and the adjacent water of the ponds.

A total of \$120.00 was collected from cars using the Reservation.

A great deal of credit is due Mr. Stephen Hamblin for the work he has done labelling trees and shrubs at Canaumet and for other contributions he has made. Mr. Hamblin has acted as a guide for members of Garden Clubs who have visited Lowell Woods.

Egg clusters of gypsy moth were discovered this year in various parts of the Woods, and it is quite possible there will be a control problem in the Spring as far as this insect is concerned.

Brush cutting and Poison Ivy control were carried out along the sides of the road and the edges of the ponds.

SEVENTY-THIRD ANNUAL REPORT

The Woods were closed during the extremely dry period we had in October and it seems advisable in view of vandalism on the Holly trees to keep the Reservation closed until the first of the year.

More and more people are continuing to use the Reservation and we of course are confronted with the problem of a relatively small budget and many things to do.

Mr. Bates has been extremely helpful and has contributed much of his time, energy and work to this project.

Our grateful thanks go to Chief Ellsworth Peters of the Mashpee Fire Department and Chief Horace Gifford of the Police Department. Both of these gentlemen have been most cooperative and extremely helpful.

The Reservation is best reached by boat, but by taking the Chappaquiddick ferry from Edgartown, it is possible with a four-wheel drive jeep to drive over the sand dune road leading to Cape Poge Light.

This Reservation was acquired in 1959 by the generous gift of Messrs. Charles S. Bird and Oliver D. Filley with an endowment of \$2,500. In 1961 Mr. Russell Stearns very generously added \$900 to the principal fund.

Under the direction of the Local Committee a program has been initiated to clean up the area of the old Cromwell house and to provide simple arrangements for picnickers at the jetty for the coming season. Picnic parties and amateur naturalists derive much pleasure and interest from this natural beach reservation.

This Reservation was acquired in 1960 by gift of Messrs. William M. Austin, Henry R. Guild, Dr. James F. Powers, William B. Rogers, Jr. and George S. Weld. The 29-acre tract is primarily an open sloping field, at one time pasture land of the Walker Gordon Farm, bordered on three sides by the Charles River. As it is situated in a rural setting, these are pleasant vistas of the surrounding countryside.

The lovely acreage in Needham, almost surrounded by the Charles River and known as the Charles River Peninsula, completed in 1963 its third year as a Reservation of The Trustees. Each year the awareness that this land is open to the public has spread and its use has been enjoyed by more and more people. Fortunately this has not yet reached a point where the value of the land as a wildlife refuge has been spoiled. Our mallards, black ducks and pheasants have enjoyed a good nesting season. But sadly our wildlife also has its murmuration of starlings and our human life its selfish congregation of picnickers and couples of young who despoil nature with refuse, beer cans and broken glass. It is comforting that one good neighbor has made a contribution to The Trustees towards helping to offset these offenses in our area.

1953. Mrs. Stanley King and Sidney L. Beals made generous contributions for this purchase. In 1950, inspired by the active interest of Mrs. Clarence R. Swenson, the Pioneer Valley Association gave thirty acres to The Trustees on the east bank, and in 1955, the Quinnehtuk Company gave five acres on the east bank completing The Trustees' holdings in the gorge proper. In 1963 The Trustees purchased 3 acres of riverbank.

This violent scenery is most unusual in Massachusetts—where the west branch of the Westfield River passes through narrow rock walls luxuriously crowned with hemlock.

The year 1963 proved to be a good season with about 1,300 paid visitors.

During the summer The Trustees purchased several hundred feet of high river bank giving important additional protection to the Gorge itself. This latest acquisition (approx. 3 acres) extends The Trustees' boundary from their former line on the Old Post Road to the boundary of an area of some 10 acres known as "The Bend." When this latter parcel came up for sale late in the summer, a group of public spirited citizens, known as the Chesterfield Bend Association, purchased it to preserve it for a Recreational Area.

One thousand acres of beach and dunes were given in 1945 in memory of Mr. Richard T. Crane, Jr. by Mrs. Crane and the Crane family. In 1949 additions were made to the Reservation through bequest of 300 acres comprising the major portion of Castle Hill, Middle Hill and Steep Hill with beach, dunes and marshlands, and by gift of 50 acres of beach and dune land adjoining Castle Neck Beach.

In 1952, Florence Crane Belosselsky exercised her option on 55 acres and in 1953, 16 acres were given to the Town of Ipswich. By gift of a generous member of The Trustees, Patterson's Island, consisting of 22.75 acres, was added in 1957.

From the Great House on Castle Hill, surrounded by spacious lawns and beautiful gardens, there is a magnificent panoramic

vista of sea, dunes and marshland. Several miles of sandy beach and high dunes offer superb recreational attractions. The Castle Hill Foundation has a splendid series of summer concerts and art lectures at Castle Hill which they offer to the public.

The 1963 season at Crane Beach was enjoyed by over 150,000 persons, including many groups. These groups consisted of schools, churches, hospitals, and many others.

We at Crane Beach are very pleased to take care of all visitors. To enable our visitors to enjoy themselves without danger, we maintain our own Police Force, Life Guards, First Aid, Cleaners and an Office for information.

Figures which are always interesting are as follows:

Hot Dogs	23,975 purchased
Tonic (cases)	3,890 purchased
Lost Children (always found)	139
*First Aid Cases (various types)	158

*We work very closely with the local hospital and cases that are in any way questionable are immediately taken to the hospital either by town ambulance or our own vehicles.

It was necessary this year to do a great deal of work on our buildings, the store, bathhouses and board walks. All the buildings were painted. The paint is new and mixed to blend closely with the beach terrain.

We have visitors from all over the world and we say with pride that all are amazed at our incomparable beach sand which is ever white and soft.

It is with regret we report the resignation at the end of the year 1963 of Col. J. Perry Smith as general manager of the Crane Beach. We sincerely appreciate his more than ten years of active and devoted service. Nathan W. Bates, our Coordinator of Reservations, is assuming the management duties of the Beach on January 1, 1964.

We look forward to 1964 and trust that climatic conditions will induce you and your friends to come again.

SEVENTY-THIRD ANNUAL REPORT

The reservation is the former Brown or Orne's Island off the public beach at Dolliber Cove between Peach Point and the old town settlement of Marblehead. The island is an attractive objective for small boats from the Cove and Marblehead Harbor.

Attempts are being made to stop the cutting of trees by vandals. Next spring a small amount of tree planting will be carried out. The local Girl Scouts had a period of camping.

DINOSAUR FOOTPRINTS

Holyoke—on the west bank of the Connecticut River off Route 5 going toward Northampton (7½ acres).

NO COMMITTEE

This Reservation was purchased in 1935 to preserve a prehistoric trace of clearly defined footprints made by dinosaurs some 150 million years ago.

The entrance to the Dinosaur Tracks is padlocked nightly through the good offices of the Holyoke Police Department in an effort to keep the place clean.

DOANE FALLS

Royalston—at the junction of Hill Road and the main road from Royalston to Athol (12 acres).

NO COMMITTEE

On June 27, 1957, The Trustees obtained an option to purchase approximately 12 acres on the east bank of Lawrence Brook at Doane Falls. At the June 1959 meeting of the Standing Committee, it was voted to exercise this option in order to preserve this unique scenic area with a high waterfall and a clear stream flowing through a granite gorge crowned with coniferous trees.

In 1934, a park was obtained through generous gifts from Dr. John C. Phillips and interested residents of Rockport. The Trustees purchased an additional 28 acres in 1936. In 1940 and 1944, Dr. Stube made gifts of additional acreage. In 1954, the Supreme Judicial Court gave The Trustees authority to release 32½ acres that were not essential to the reservation property.

During the 1963 season 1,932 cars were recorded by our Warden. This increase of 500 cars over the previous year clearly indicates more and more people are becoming aware of and are enjoying this lovely rocky promontory. A short, pleasant walk from the highway leads to the edge of the continent where the east wind, sea, sky, and rocky coast combine to nourish and refresh body and soul.

The Reservation is popular during the "off-season" with those who are interested in observing migration of gannets, alcids, grebes, loons, and other water and shore birds.

The local committee is delighted to welcome their new member Robert Hooper and wish to express their appreciation to the Warden, Robert E. Silva, for his faithful and efficient service.

NO LOCAL COMMITTEE

Nearly three-quarters of the area was acquired in 1898 by the gift of Mr. John M. Forbes and his sister, Mrs. Mary F. Cunningham—the balance of the area being purchased by funds obtained from subscriptions of interested friends from Milton and outlying districts. Further subscriptions and bequest of \$1,400 from Mrs. Cunningham provided funds for the care of the field.

This unique open space area affords an unbroken view to the east across the Neponset Marshes to Boston Harbor and the open sea.

MASHPEE RIVER

This reservation was acquired by gift from our long-time friend Mr. J. W. Farley just prior to his death in March, 1959.

Mashpee River is one of the few remaining rivers in the state attractive to sea run trout known as salters. Besides being a trout stream the adjacent wetland area is attractive to waterfowl.

Medfield Rhododendrons is primarily an historical and botanical phenomenon, among the few remaining northeastern outposts of native distribution of Rhododendron maximum. Medfield Rhododendrons was acquired in the year 1934 through the cooperative interest and generosity of local residents. In 1961, 19½ acres were added by the generous gift of W. K. Gilmore & Sons, Walpole.

There were many visitors to the Rhododendron swamp during the first two weeks of July. Excellent publicity in various newspapers had drawn attention to this lovely area, and in addition the 1963 blooms were above average, providing a worthwhile show. An autumn trip to the swamp indicated good possibilities for 1964, since plants carried plenty of buds as the winter approaches. Much depends on the severity of that season as to what the blooms will be like next July. Some of the newspaper publicity indicated that it was advisable to walk all the way in from the entrance on route 27. This is not true. A driver with a little patience and willing to use low gear for a few minutes may drive in practically to the swamp. There is a large cleared space available for parking and turning around. Walks are in reasonable condition and trails clearly marked.

MISERY ISLANDS *Salem Harbor (82½ acres).*

A Local Committee is in the process of formation.

In 1935, 68 acres were acquired through subscriptions from local residents, and in 1938, Dr. John C. Phillips and Charles S. Bird gave an additional 6½ acres, with 5 acres added in 1940 from the estate of Theodore C. Hollander. In 1950, ½ acre and in 1955, 2½ acres were acquired by purchase.

During the past year, the usual campers and day picnickers enjoyed a long season. Some of the poison ivy was destroyed by spraying and a continuing effort will be made to eliminate this dangerous plant.

Mission House, located on Main Street, Stockbridge, is an early 18th century house restored and refurnished with an excellent collection of early Americana of the period when occupied by Reverend John Sergeant, missionary to the Stockbridge Indians from 1735-1749.

During 1963 we have been fortunate and proud to add to the reference Library at the Mission House:

The December issue of Antiques Magazine which shows on page 713, in an article by Nina Fletcher Little on "Livery Cupboards in New England", a photograph of our such item in the Mission House.

The 1963 calendar published by the Laurence Leather Company which contains a photograph of our kitchen.

"Old Rooms for New Living" by Narcissa Chamberlain—Hastings House—in which there are eleven photographs with descriptions.

Two volumes by Samuel Chamberlain—Hastings House—"The New England Image" on page 149 of which there appears a picture of our parlor, with description and "The Berkshires" which shows on page 38 the facade of the House with a description which includes "probably the most famous house in the Berkshires".

"One Hundred Most Beautiful Rooms in America" by Helen Comstock—Vikings Press—in which there are four photographs on pages 24 and 25 together with detailed descriptions.

The Mission House Garden, which had been renovated in 1962 continues under the guidance of Mrs. G. Douglas Krumbhaar and still, in 1963, is the envy of all the visiting garden enthusiasts.

From our opening in May this year to the closing in October, 3,413 persons entered through our little office to enjoy all the Mission House has to offer.

The gift of this Reservation by the late Miss Helen C. Butler of New York in 1899 was in fulfillment of the wish of the late Rosalie Butler that it might be preserved forever for the enjoyment of the public. Miss Butler's original gift was accompanied

by \$2,000 for care of the reservation and increased by an additional gift from her of \$5,000 in 1906.

Paths from the picnic grove on Route No. 7 lead to the top near which the memorial rock has been inscribed. The views from the top are very extensive and the mountain itself is a scenic feature of the region.

Monument Mountain Reservation continues to be of great interest to the public and is visited by more and more persons each year. In 1963 a new sign was erected at the parking area—tables were repaired—rest room facilities improved—and trails partially cut and re-signed.

In 1897, 50 acres were given by William, Charles S., Robert S. and Laurence Minot in memory of their brother, Henry Davis Minot, with a fund of \$1,000 subscribed by the family and friends. Three small parcels to the north of the original piece, approximately 25 acres, were added in 1927, gifts from David O. Mears and the heirs of Edward Bray. In 1929, Mrs. Ruth A. Oakes, daughter of Sidney F. Haskell, gave approximately 16 acres, bounded on the north by Mount Ann Park and on the south by Dikes Meadow Pond. A contribution of \$1,000 by George Wigglesworth was given to pay for the timber rights in the new area. The Commonwealth took 7 acres in 1952 for the construction of the new Route 128 highway and provided a much appreciated parking area for the Reservation.

During the period of 1952-1954, \$19,831 was added to the Henry Davis Minot Memorial Fund by members of the family for the purpose of providing an endowment for the reservation. In 1963, \$5,000 was added to the Fund under the bequest of Mrs. Henry M. Channing.

Mount Ann Park is the highest point (270 feet) on Cape Ann, commanding a sweeping ocean view from Mount Agamenticus near York, Maine, across the tip of Cape Ann and Massachusetts Bay to the Blue Hills on the south. Inland the view extends over forest and low hills to Mount Wachusett and on a clear day to Mt. Monadnock. The reservation includes the summit and glen

with very fine hemlocks and large boulders, on one of which a memorial tablet has been placed.

A new circuit trail opened in time for the 1963 season increased the interest in this attractive hilltop reservation. Plans for further trails will enable the hikers and naturalists to extend their exploration to new sections that will offer extensive views and some interesting topography.

NAUMKEAG

Naumkeag was acquired in 1959 under the bequest of Miss Mabel Choate, with a generous endowment. The house, built in 1885 for Miss Choate's father, Mr. Joseph Choate, by the eminent architect, Stanford White, is situated in the spacious 46 acres of beautifully landscaped grounds laid out by Mr. Fletcher Steele. Both the house and grounds are open to the public at a nominal fee during the summer months.

With approximately 1,700 visitors during the summer season, Naumkeag experienced its best season to date. Mrs. Irving Peck, Margaret Dixon, Margaret Noon and Marsha Smith, as friendly hostesses, provided a cordial welcome and a rewarding tour of the interesting house and beautifully landscaped grounds. A special effort was made to permit our friends to visit the grounds the latter part of May to see the unusually splendid display of Tree Peonies. We will be delighted to extend this privilege again for this coming spring.

NOON HILL

Medfield—on Noon Hill Street, a dirt road leading off of South Street (52 acres).

NO LOCAL COMMITTEE

Seventeen acres on the east side of Noon Hill, including part of the summit area, were acquired in 1959 through the generous gift of W. K. Gilmore & Sons, Walpole. In 1960 an additional

15 acres, corner of Noon Hill Street and Causeway Street, were acquired through the generous gift of Mr. Henry L. Shattuck and the co-operative interest of Mr. Daniel S. Cheever and Dr. S. Sargeant Cheever. Twenty acres of attractive woodland, adjacent to our area, were added in 1963 through the generous gift of Henry L. Shattuck.

The Noon Hill region is an extensive wooded area featured by a series of rocky ledges with interesting stands of pine bordered by maple swamps, affording a variety of landscape that make an attractive open space area for the naturalist as well as the hiker.

THE OLD MANSE

(Registered National Historic Landmark)

Concord—on Monument Street adjacent to the battleground off Monument Street (8 acres).

LOCAL COMMITTEE

Charles L. Ward, *Chairman*

Richard Borden	Andrew Hepburn
Mrs. Stedman Buttrick	Andrew H. Hepburn
Bert C. Chambers	Mrs. Andrew H. Hepburn
Mrs. Alfred Curtis	Henry M. Keyes
Mrs. Raymond Emerson	Mrs. David B. Little
Mrs. John C. Maccone, <i>Curator</i>	
Mrs. Ruth J. Kerwin, <i>Fiscal Agent</i>	

Purchased in 1939 by The Trustees through subscription from friends, this historic shrine adjoins the battlefields at the North Bridge in Concord. The Old Manse was built in 1769 by Reverend William Emerson, the grandfather of Ralph Waldo Emerson, and was occupied by the Ripleys and Hawthornes.

The Old Manse has acquired a new neighbor and, as far as we can tell, a friendly one. The Minute Man National Historic Park has come to Concord and we seem to be an important part of it. "Unit B", which is the Battleground area, includes the following existing historic features: Bullet Hole House, Old Manse, Buttrick House (old) and the Hunt-Hosmer House. Also, within the boundaries of this park unit are other historic locations i.e., North Bridge, Musterfield and the site of Governor Winthrop House.

For the present the Park Service does not intend to purchase all properties within its boundaries. However, title has been taken to the Musterfield, west of Liberty Street, and that part of the River which is essentially part of the Battlefield, including Honeysuckle Island. We understand that an appraisal is being made of the Bullet Hole House but that no plans are underway to take over The Old Manse, as this property is already serving

the public in a manner satisfactory to the Park authorities. Other properties in the area will not be disturbed for the present, unless the owners wish to sell.

The principal changes noted in the Park area: (1) The Town is no longer responsible for the care of the Battleground. This duty is now performed by the Park Service. (2) There are guides on duty at the Battleground during the summer months—many of them college students. (3) There are more visitors than formerly, at the Battleground, and many of them come to The Old Manse.

A letter received by this committee in mid-October from Mr. Loring Conant of The Trustees of Reservations reads as follows: "We have recently received a communication from Mr. Ronald F. Lee, Regional Director of the U. S. Department of the Interior, National Park Service, informing us that The Old Manse is now officially designated as a Registered National Historic Landmark. A certificate and plaque to accompany this recognition are currently in Mr. Lee's office." We look forward to seeing these.

Changes within The Old Manse—the Dining Room. At sometime in the past, perhaps 30 years but more likely 50 years ago, the woodwork in the dining room was painted in a light brown color which, over the years, turned into a sickly mustard shade, not pleasing to the eye. By careful use of the penknife, it was found that under the top layer was a coat of cream color and under that a coat of very dark brown. After careful consideration by the committee, it was decided that the woodwork should be repainted in the dark brown, the walls to remain in off-white, since there was no indication that they had ever been in any other color. The work was done by Edward K. Perry Co. of Boston and we are well pleased with the results.

We are sorry to report the death of Mrs. George S. Keyes, first curator and senior member of our Local Committee. Her knowledge of The Old Manse and her deep interest in it have been of inestimable value.

During the 1963 season 24,246 persons visited The Old Manse.

Schedule for 1964 will be as follows:

April 19 through May 31	Open week-ends and holidays
June 1 through Oct. 15	Open daily except Mondays
Oct. 16 through Nov. 11	Open week-ends and holidays

Time: Weekdays 10:00 a.m. to 4:30 p.m.

Sundays 1:00 p.m. to 4:30 p.m.

Large groups: Appointments may be made by mail, for any day, April 19 through Nov. 11th.

The original tract of 25 acres, known as "Hale's Old Town Hill Public Park," was safeguarded in 1929 through the generosity of Mrs. George A. Bushee in continuance of the efforts of Stephen P. Hale to keep the area unbuilt upon and open to the public. In 1952, Mrs. Bushee added 90-odd adjoining acres to the original tract on the hill and 47.9 acres in the so-called amphitheater and salt marsh, giving the combined area to The Trustees with an endowment of \$5,000.

In 1960 Mrs. Bushee made a further generous gift of an additional 62.3 acres of salt marsh and fields. This new tract will add immeasurably to the protection as well as to the natural beauty of this scenic reservation.

The hill is a bare drumlin commanding to the east a panoramic view of Plum Island Sound and the open sea. To the west a broad vista of the adjacent marsh lands of the Little River and the Parker River present a unique foreground for broad expanse of the rolling country of the interior.

PEGAN HILL

Dover and Natick—can be approached from South Natick Square on Route 16, southerly on Pleasant Street and bearing to right on Pegan Street (31 3/7 acres).

LOCAL COMMITTEE

Charles Jackson, *Chairman*

Charles E. Channing Laurence M. Channing
George S. Mumford, Jr.

Twenty-eight acres were acquired in 1956 by gift from Mr. and Mrs. Judson S. Battelle in memory of Mr. Battelle's father. Subsequently friends in Dover have raised an endowment of \$9,000. In 1957, Mrs. Dorothea D. Hovey gave 3.37 more acres adjoining the Dover line.

Pegan Hill, a rounded drumlin landmark in the Natick-Dover area, is associated with the Indian settlement sponsored by John Eliot in his missionary effort.

This interesting hilltop reservation with its trails and vistas is affording much pleasure to horseback riders and hikers.

SEVENTY-THIRD ANNUAL REPORT

PETTICOAT HILL

Williamsburg—south of Route 9 at well-marked sign (60 acres).

LOCAL COMMITTEE

Prof. Robert F. Collins Mrs. Robert F. Collins

This reservation was acquired by gift from Mrs. Martha W. Nash as a memorial to her husband, Edward W. Nash, in 1905 together with a maintenance fund of \$1,000. In 1923, The Trustees bought 10 acres of land at the top of the hill with funds from Mrs. Nash's gift. On several occasions, Mrs. Nash also contributed money for clearing and other projects, and at her death in 1945, she left a bequest of \$2,914.33 for an endowment.

A path to the summit leads through oak and hemlock woods to the upper ledges. Views from the trail on Petticoat Hill out over the valley of Mill River and from the top of the hill to the south are rewarding features of this reservation.

PIERCE HOUSE

Milton—at 224 Adams Street, adjacent to Governor Hutchinson's Field (6 acres).

LOCAL COMMITTEE

Dr. Alexander Forbes, *Chairman*
Philip P. Chase Mrs. Weston Howland
Miss Helen C. Gilbert Arthur T. Lyman
 Joseph P. Spang, Jr.

The Pierce House property was left to The Trustees of Reservations by the bequest of Henry L. Pierce. In 1959 The Trustees moved to the Pierce House, which is now serving as their Executive Headquarters.

Thanks to the thoughtful generosity of our friends who have contributed several interesting books on trees, birds, gardening and general conservation matters, we now have in being our Pierce House Reading Room. We hope our members will make frequent use of this educational facility. Visitors to our headquarters in late April, May and June will find many flowering shrubs in magnificent display, and during the migration season, May and September, will find an interesting variety of birds.

We wish to express to Marian and Bernard Lynch, our Pierce House residents, sincere thanks and appreciation for the wonderful care and attention they are giving to our house and grounds.

This Reservation, the gift of Dr. John C. Phillips in 1936, comprises 14 acres of heavily wooded esker bearing a magnificent stand of pine and hemlock bordering on the great Wenham Swamp.

REDEMPTION ROCK

Princeton—marked by a Massachusetts Tercentenary sign on south side of Route 140 near western boundary of Princeton (1/4 acre).

LOCAL COMMITTEE

Mrs. Waldo L. Whitcomb, *Warden*

By gift from John Hoar and John Hoar, Jr., in 1952, The Trustees were recipients of the rock which was first acquired in 1899 by Senator George F. Hoar, one of the founders and first president of The Trustees, who gave it to John Hoar in 1901.

The big flat-topped rock was the scene of negotiation and agreement for the ransom of Mary White Rowlandson, a captive of King Phillip's Indians, conducted by John Hoar of Concord in 1676.

This, our smallest reservation, continues to have visits from historically minded people and those enjoying picnics. We are fortunate to have Mrs. Waldo L. Whitcomb as our warden.

ROCKY NARROWS

Rocky Narrows was the third reservation given to The Trustees when Augustus Hemenway donated 21 acres in 1897, later giving funds for their care. Improvements were also paid for by Arthur F. Estabrook during his lifetime. Three acres were added to

the reservation in 1941-1942, by gift of Mr. and Mrs. George Lewis, Jr. In 1942 by agreement with Shell Oil Company concerning a pipe line, two additional parcels of nine and eight acres came into the possession of The Trustees.

Rocky Narrows, known to canoeists as "the Gates of the Charles," consists of a rocky hemlock knoll in a meadow known as the "Dingle Hole," which, in periods of high water, isolates the knoll from the enclosing wooded ridge. A pine clad stretch of camp ground, with a spring, lies along the river at the north end of the reservation.

This Reservation is best reached by canoe as it is a lovely spot for those wishing to stop for a picnic. Besides, a table and wood for small fires are there. It is a splendid Reservation for walking as there are many miles of paths, a beautiful grove of hemlocks and some fine views. It is used by Boy Scout Troops and those who enjoy walking.

Through the generosity and interest of Dr. Joel E. Goldthwait, the initial gift of 303 acres occurred in 1942 followed by further additions in the period of 1946-1959, bringing the total area up to 430 acres. Adequate endowment and special gifts for equipment and buildings, all provided by Dr. Goldthwait, plus the very enterprising local committee, have made this reservation located on Hartford Street, Medfield, one of our most active recreational areas providing year-round activity of skating, skiing, picnicking and fishing in season.

Rocky Woods enjoyed an average season during 1963. The extremely dry season made it necessary to close the woodlands for several days, but we are glad to report that no visible evidence of damage resulted before the winter season set in and all the streams and ponds were back to normal.

The many miles of ideal trails for horseback riding that are available in Rocky Woods are used more each season as this popular sport seems to be on the increase.

ROYALSTON FALLS

Royalston—on Falls Road leading off to the right from Warwick Road out of Royalston Village (205 acres).

LOCAL COMMITTEE

Philip Dana Orcutt, *Chairman*
Prof. William Thomson

Royalston Falls, acquired by gift of George L. Foote, consisted of 200 acres in 1951, to which Mr. and Mrs. Foote added 5 acres in 1954 for an improved approach. The reservation which adjoins a state forest on the east and southeast has an endowment fund of \$2,025 subscribed in 1953-1954 by interested friends.

The 205 acres of forest and gorge form a small but welcome wilderness area where the scars of former exploitation are long erased. As the trees grow and the wildlife finds it is not molested, a refuge enclave is developing in which can be anticipated an increasing faunal and floral population both in numbers and in species. The possibility exists of acquiring additional adjoining property to extend this reservation. Anyone interested in participating will be welcomed.

STEVENS-COOLIDGE FARM

North Andover—on Andover Street (88 acres).

LOCAL COMMITTEE

Mrs. Horatio Rogers, <i>Chairman</i>	
William Endicott	Horace N. Stevens, Jr.
Roland B. Hammond	Walter M. Whitehill
Bruce Sinclair	Mrs. Walter M. Whitehill

The Stevens-Coolidge Farm, an original grant of land held intact by the family through the years, was acquired in 1962 under the bequest of Mrs. Helen S. Coolidge.

The Local Committee met for the first time September 12, 1962, when Mr. Bates and Mr. Conant showed us the magnificent estate which Mrs. Coolidge wished made available for the public's enjoyment. The Committee was impressed by the enormous variety and quantity of china, glass, furniture and interesting memorabilia which was packed into this mansion and also by the beauty and extensiveness of the gardens, field and woodland. We remember Mrs. Coolidge telling us that she wanted to have people see how a farm was run. She hoped that the horses and cows and horse drawn farm equipment could continue to be used.

At our second meeting on March 31, 1963, we saw that Mr. Bates, with the very able assistance of Mr. and Mrs. Bradley, the

SEVENTY-THIRD ANNUAL REPORT

caretakers in residence, had already made fundamental repairs, the house was being completely and beautifully cleaned and because they knew exactly how Mrs. Coolidge arranged her rooms everything was being put in its rightful place. Later, Mr. Bates' quick eye for appropriateness suggested minor additions which gave warmth and livableness to the rooms. A personal letter from Mrs. Grace Coolidge on black bordered note paper placed on the opened desk made the "living" room come alive. Mrs. Coolidge wanted the public to see how she and her husband, once active in the State Department and Diplomatic Service, lived and cared for their beautiful collections.

There was a terrible scare when the burglar alarm rang in Mr. Bradley's house at 2:30 p.m. on Christmas Eve but by Mr. Bradley's instant and wise response, the teenage intruders were caught by the police immediately and no harm was done.

The estate was opened on July 8th and 9th, 1963, to Andover and North Andover residents. About 200 people saw for the first time the extensiveness of the grounds as well as the fabulous collections inside the house.

The house and grounds were opened thereafter to the general public every afternoon, except Monday, from 2 to 5:30 until October 15th. Only about 175 more people came and in groups of five were given a personal tour by Mr. or Mrs. Bradley. Contrary to our expectations, the unusual collection of Waterford Glass in the dining room, and at the further end of the pasture the cows and one horse in the barn, did not interest the visitors as much as the French herb garden, the rose garden, serpentine wall and greenhouse. As the reputation of the Stevens-Coolidge Farm spreads, we are sure many more people will enjoy it each year.

TANTIUSQUES (Graphite Mine)

*Sturbridge—on Leadmine Road one mile west of Route 15,
The Sturbridge-Hartford Expressway (about 55 acres).*

LOCAL COMMITTEE

Frank T. Haynes, *Chairman*

Roger B. Chaffee	Robert E. LaFontaine
Lewis E. Howlett	Alexander J. Wall

This Reservation was acquired in 1962 by the generous gift of Roger B. Chaffee, in memory of Professor George H. Haynes.

Tantiqusques is the graphite mine discovered by the Indians in early colonial days and first granted to John Winthrop, Jr. in 1644. The open trench mine, now in evidence in several cuts from ten to thirty feet in depth, was worked at intervals between 1658 and 1900. This unique area, aside from its historical interest, offers picturesque scenery with plentiful undergrowth of mountain laurel.

We are grateful to the Local Committee for their helpful guidance and thoughtful interest. Although the Reservation was opened in the early summer, considerable work remains to be done in laying out trails to some of the remote shafts. The mountain laurel which grows extensively throughout the Reservation was in splendid bloom in mid-June. The cooperation of the various property owners adjacent to the Reservation in heeding our request to refrain from throwing refuse in the mine shafts adjacent to Leadmine Road is greatly appreciated.

TYRINGHAM COBBLE

Tyringham—Best reached by leaving Mass. Turnpike at Lee (Exit 2) and by almost immediately taking the Tyringham Road off of Route 102. Reservation is located in center of village, bounded by Main Road and Jerusalem Road (222 acres).

A Local Committee is in the process of formation.

This Reservation was acquired in 1963 by gift of Dr. Rustin McIntosh, Mrs. Francesca Palmer and Mr. Edward N. Perkins. \$20,000 as principal endowment was received under the bequest of Mrs. Olivia James.

Located in the heart of the charming Tyringham Valley, this choice upland pasture and woodland affords magnificent views of forested mountains, both near and far.

CHARLES W. WARD RESERVATION

Andover—entrance to the reservation is located on the corner of Route 125 and Prospect Road (296 acres).

LOCAL COMMITTEE

John W. Kimball, *Chairman*

Mrs. C. Carleton Kimball George K. Sanborn
Frederic A. Stott

In 1940, Mrs. Charles W. Ward made a gift of 154 acres on Holt Hill, with an endowment, in memory of Mr. Ward. Mr. Charles L. Ward, Jr., in 1941, made a gift of 10 acres including Pine Hole Pond. In 1944, Mrs. Ward donated 36 acres on the south slope of Boston Hill, and in 1945 she added 78 acres to the Holt Hill area including Shrub Hill. Phillips Academy in 1957 gave 8.02 acres to be part of the Ward Reservation, and the Town of Andover took 1.7 acres in exchange for 2 acres north of the reservation. In 1958, 13.9 acres were donated by Mrs. C. Carleton Kimball and Mr. Charles L. Ward.

This unique open space reservation affords extensive views in all directions from its pastureland hilltop. Wood trails lead

through the area making it possible to enjoy the botanical and geological interest.

Two events highlighted the year for our reservation. The first of these was the acquisition, after several years of negotiations, of 41 additional acres. This land, which is surrounded almost entirely by prior reservation holdings, had been scheduled for development. Thanks to its timely acquisition, the area will continue to enhance the remainder of the Reservation.

As a result of the prolonged drought and human carelessness, fire broke out on the northwest corner of the reservation on October 12. Although quickly controlled, the tinder dry conditions resulted in several break-outs over the next few days. By October 22, the situation was so serious that break-outs of major proportions occurred daily. Only quick action by members of the Local Committee kept losses from mounting seriously. By October 24, it became clear that a continuous patrol of the perimeter of the burned area would have to be undertaken at night as well as during the day. Thanks to the organizing effort of new Local Committee member Frederic Stott and others, Phillips Academy undertook this task. From 7 p.m. on October 24 to 3 p.m. on October 28 when soaking rains came at last, round the clock patrolling of the perimeter was maintained. The four-hour night shifts consisted of two faculty members with "Indian" pumps and four students. The number of students and faculty was increased on the daytime shifts so that raking of the perimeter and digging out of the many areas where the fire was burning underground could be carried out. By the time the patrols were halted, 44 teachers and 135 students had participated and some 700 man hours had been spent on the fire line.

The school also provided additional support in the form of tools, a truck, two-way radio communication and box lunches for those on patrol during mealtime. The success of the operation was attested by the fact that no further break-outs occurred once the patrols began. Thus, when the rains finally came, the burned area still remained at approximately 18 acres in the reservation plus a few acres of adjacent land. At no time did the fire reach the crowns of the trees but it remains to be seen whether the extensive underground burning killed the roots of the many large white pines and oaks in the area.

All the trails on the reservation were cleared during the year. An 8-foot swath was cut along 3 miles of trails by means of a Gravely tractor equipped with a sickle-bar mower. This mechanical aid enabled the job to be completed in eight hours by one man. The rougher, steeper trails were hand-cleared by Mr. Sanborn and his trail crew of Phillips Academy students.

By gift of Whitney Woods Association, Inc., in 1933, The Trustees added this 643 acres with an endowment of \$10,000 to their list of reservations. In 1935, 25 acres known as Bancroft Sanctuary was added as a gift from the Federation of Bird Clubs of New England. Mrs. Hugh Bancroft presented an additional 20 acres in 1937 and in 1941 10 more acres were added by gift of Charles B. Barnes and family. Mrs. Ezra Thayer made a gift in 1943 of 28 acres in Hingham and Mr. Joseph Saponaro presented 8 acres in 1950. The following additions were acquired through purchase: 60 acres in 1944; 53 acres in 1947; 5 acres in 1948, and 6 acres in 1952. For military reasons, the United States Government took 125 acres in 1942 and 10 acres in 1957. Sixty acres, comprising the Hyde property, were acquired by purchase in 1961.

Through land court proceedings the status of right-of-way over and to the Sechens land was established (the Sechens occupy a house on land which they own within the general outline of Whitney Woods). The disposal of the Naval Ammunition Depot is still indefinite. This property is of great concern as it is contingent for a considerable distance along the west boundary of Whitney Woods. Two other contingent government properties formally used for Nike sites have been declared surplus. One piece on Turkey Hill was formally owned in part by The Trustees. Offerings of these properties have been made to town, state and county. Horseback riding continues to be major use of the Woods. The picnic area also has a high weekend use.

The names listed on the Local Committees are those serving at time of publication.

AN ACT TO ESTABLISH
THE TRUSTEES OF PUBLIC RESERVATIONS[*]

Chapter 352, Acts of 1891
Massachusetts General Court

SECTION 1. Frederick L. Ames, Philip A. Chase, Christopher Clarke, Charles R. Codman, Elisha S. Converse, George F. Hoar, John J. Russell, Leverett Saltonstall, Charles S. Sargent, Nathaniel S. Shaler, George Sheldon, William S. Shurtleff, George H. Tucker, Francis A. Walker, George Wigglesworth, their associates and successors, are hereby made a corporation by the name of THE TRUSTEES OF PUBLIC RESERVATIONS, for the purpose of acquiring, holding, arranging, maintaining, and opening to the public, under suitable regulations, beautiful and historical places and tracts of land within this Commonwealth, with the powers and privileges and subject to the duties set forth in chapter one hundred and fifteen of the Public Statutes and in such other general laws as now are or hereafter may be in force relating to such corporations; but said corporation shall have no capital stock.

SECTION 2. Said corporation may acquire and hold by grant, gift, devise, purchase, or otherwise, real estate such as it may deem worthy of preservation for the enjoyment of the public, but not exceeding one million dollars in value, and such other property, both real and personal, as may be necessary or proper to support or promote the objects of the corporation, but not exceeding in the aggregate the further sum of one million dollars.[†]

SECTION 3. All personal property held by said corporation, and all lands which it may cause to be opened and kept open to the public, and all lands which it may acquire and hold with this object in view, shall be exempt from taxation, in the same manner and to the same extent as the property of literary, benevolent, charitable, and scientific institutions incorporated within this Commonwealth is now exempt by law; but no lands so acquired and held and not open to the public shall be so exempt from taxation for a longer period than two years. Said corporation shall never make any division or dividend of or from its property or income among its members.

SECTION 4. This act shall take effect upon its passage.

*The name THE TRUSTEES OF PUBLIC RESERVATIONS was changed to THE TRUSTEES OF RESERVATIONS by vote of the Corporation at its meeting on January 20, 1954. Name changed by Act of Legislature on February 4, 1954.

†In accordance with the provisions of Chapter 289, Acts of the General Court 1963, The Trustees may hold both real and personal property to the amount not exceeding in the aggregate \$10,000,000.

B Y - L A W S *

ARTICLE I

OF TRUSTEES

1. The members of the corporation, in whom are reposed the full and exclusive duty and power to vote in respect of all matters to be acted upon at any meeting of the corporation, shall be designated "Trustees." The number of Trustees shall not exceed one hundred fifty, nor shall it be less than one hundred, and they shall be elected by the corporation for such term as the corporation shall determine.

2. The Standing Committee may, if it sees fit, nominate Trustees by inserting the names of candidates in the notice of any meeting of the corporation and may designate the terms for which such candidates are so nominated.

3. An election of Trustees may take place at any annual meeting, or at any special meeting if notice thereof is contained in the notice of the meeting, and any person who receives the votes of two-thirds of the Trustees present and voting shall, on his acceptance of his election, be declared and enrolled a Trustee of the corporation. Any Trustee may resign by written notice, signed by the Trustee and delivered to the Secretary or to another officer of the corporation.

ARTICLE II

OF FOUNDERS AND OTHER CONTRIBUTORS

1. All persons from whom the corporation shall receive real or personal property to the value of one thousand dollars or more shall be permanently enrolled as Founders.

2. All other persons who contribute real or personal property to the corporation shall be enrolled in such categories of membership and for such terms as the Standing Committee may from time to time determine.

3. But no donor of money or property shall be a member of the corporation unless and until duly elected as provided in Article I. Notwithstanding that such donors shall not be subject to any duty or responsibility in the management or affairs of the corporation, they may, if convened in a meeting at the direction of the Standing Committee, take advisory action and make recommendations in respect of any matter submitted to such meeting. At any such meeting each person shall be entitled to one vote to be cast in person or by proxy.

ARTICLE III

OF MEETINGS OF THE CORPORATION

1. The annual meeting of the corporation shall be held on the last Wednesday in January, in Boston, or at such other city or town in the Commonwealth, and at such time and place, as the Standing Committee may determine.

In the event the annual meeting is not called and held as herein prescribed, the Standing Committee shall order a special meeting to be called and held in lieu of and for the purposes of the annual meeting, and all references in the By-Laws to the annual meeting shall be deemed to refer also to a special meeting called in lieu of and for the purposes of the annual meeting. Special meetings of the corporation may be called by the Standing Committee to meet at any time and at any place within the Commonwealth. Notice of any meeting of the corporation shall be given at least seven days before the date of the meeting by mailing postpaid to each member of the corporation at his address of record last appearing on the books of the corporation a notice thereof and, if a special meeting, a statement of the purposes for which the meeting is called.

2. A quorum for the transaction of business at any meeting of the corporation shall consist of not less than seven members, but a majority of the members present and voting may adjourn any meeting from time to time until the business shall have been finished.

3. Officers and members of the Standing Committee shall be elected by ballot. Any other action to be taken by members of the corporation may be taken by voice vote unless a member requests a written ballot in which case a ballot shall be taken.

4. At all meetings of the corporation the President shall take the chair as soon as a quorum is present; and the record of the preceding meeting shall then be read, unless such reading is dispensed with by the unanimous consent of those present.

5. At the annual meeting of the corporation the order of business shall be as follows:

First. The unfinished business and the assignments of the last meeting shall be announced by the Secretary to the President and taken up in order.

Second. The Secretary shall be called on to submit a written report of the doings of the Standing Committee for the previous fiscal year.

Third. The Treasurer shall be called upon to submit a written report of his doings for the previous fiscal year and of the financial condition of the corporation as of the close of the previous fiscal year.

Fourth. The Committee to audit the Treasurer's accounts shall be called on for a report.

Fifth. Any special committee which may have been appointed during the year shall be called on to report.

Sixth. If the Standing Committee shall have proposed changes in the By-Laws, or if changes in the By-Laws have been proposed by a Trustee, the same shall be voted upon.

Seventh. If the Standing Committee shall have made any nominations to membership in the corporation, or if such nominations are made by a Trustee, an election shall be held.

Eighth. An election of officers and members of the Standing Committee shall be held, if there are terms which have expired or vacancies to be filled.

Ninth. The President shall give the members present an opportunity to present new business.

Tenth. The President shall appoint a committee to audit the Treasurer's accounts.

ARTICLE IV

OF OFFICERS

1. The officers of the corporation shall be a President, one or more Vice-Presidents, a Secretary, and a Treasurer. The officers shall be chosen by ballot by the members of the corporation at an annual meeting and they shall hold their offices for three years, or for such shorter term as the corporation at its annual meeting shall determine, and until others are duly chosen and qualified in their stead. Except in the case of the Secretary, an officer may not serve more than six consecutive years in the same office, but may serve again in the same office after an interval of one year. The Standing Committee may elect or appoint such other officers of the corporation as it may from time to time determine, including, but not limited to, one or more assistant secretaries and one or more assistant treasurers, and any such officers appointed by the Standing Committee shall serve for such terms and shall have such powers and duties as the Standing Committee may from time to time prescribe.

2. The President shall preside at all meetings of the corporation. If he is absent, a Vice-President in order of seniority, and, if no Vice-President is present, a President *pro tempore*, chosen by hand vote of the members of the corporation present, shall preside.

3. The Secretary, who shall be a resident of the Commonwealth, shall warn the members of all meetings of the corporation, according as he may be directed by vote of the Standing Committee. He shall call the meetings of the Standing Committee as he may be directed by the chairman of the Committee or on the request in writing of any two members thereof. He shall keep an exact record of all meetings of the corporation and of the Standing Committee, with the names of the members present, entering in full all reports of committees which may be accepted by either body, unless otherwise directed.

4. The Treasurer shall keep regular and faithful account of all the moneys and funds of the corporation which shall come into his hands and of all receipts and expenditures connected with the same, which accounts shall always be open to the inspection of members of the corporation. He shall make no investments and pay no moneys without either the approval of a majority of the Standing Committee or of such officer, agent or committee as said Standing Committee shall appoint to act for it in these matters and in accordance with such procedures as the Standing Committee may establish.

ARTICLE V

OF THE STANDING COMMITTEE

1. The Standing Committee shall consist of fourteen persons, including the President, the Treasurer and the Secretary who shall be members of the Standing Committee *ex officio*. The members of the Standing Committee, other than the members *ex officio*, shall be chosen by ballot by the members of the corporation at an annual meeting. The elected members of the Standing Committee shall be divided into three classes, one of which shall consist of three members and two of which shall each consist of four members. One class shall be elected at each annual meeting of the corporation and shall hold office for a term of three years and until others are duly chosen and qualified in their stead. A member of the Standing Committee may not serve more than two consecutive three year terms as an elected member but may serve again as an elected member of the Standing Committee after an interval of one year.

2. The Standing Committee shall, at the first meeting after the annual meeting of the corporation in each year, elect a chairman, whose duty it shall be to preside at all meetings of the Committee. In his absence a chairman *pro tempore* may be chosen by hand vote. The Standing Committee shall meet at least once in every month, and a quorum shall consist of not less than three members.

3. The Standing Committee may fill any vacancy in any of the offices of the corporation or in its own membership until the next annual meeting of the corporation, may nominate or refuse to nominate new members of the corporation, may accept or decline gifts offered to the corporation, may establish a fiscal year for the corporation, may approve or disapprove investments or expenditures, may approve or disapprove all bills against the corporation, may declare any office, including the office of a member of the Standing Committee, vacant if the Standing Committee by affirmative vote of two-thirds of its members so determines, may make such arrangements for the holding and conduct of its meetings and notice thereof as it may determine, may appoint subcommittees of its members, or committees consisting of members or other persons not members, may appoint and remove agents, may engage whatever assistance is needed to administer the affairs of the corporation, may designate such agents and employees by such titles as they may deem proper, and, in general, may exercise all the powers of a board of directors and all the executive powers of the corporation.

4. Any officer of the corporation shall be entitled to attend all meetings of the Standing Committee but without vote unless he is a member of the Standing Committee as above provided.

ARTICLE VI

OF THE ADVISORY COUNCIL

All persons who have served as officers or as members of the Standing Committee shall become eligible for election to the Advisory Council upon the conclusion of their terms. Members of the Advisory Council shall be chosen at the annual meeting of the corporation, and they shall hold their offices for such term as the corporation shall determine. The members of the Advisory Council shall be entitled to attend all meetings of the Standing Committee but without vote.

ARTICLE VII

OF THE SEAL

The corporate seal shall be a circular, flat-faced die of about an inch and a half in diameter, with the name of the corporation, the year of its organization, the word "Massachusetts" and the figure of a pine tree so engraved on its face that it can be embossed on paper by pressure.

ARTICLE VIII

OF AMENDMENTS

These By-Laws may be amended, altered, or repealed at any meeting of the corporation by a two-thirds vote of the members present and voting, provided that notice of such proposed change shall have been given in the call of the meeting.

MR. RICHARD L. FROTHINGHAM, *Treasurer*
THE TRUSTEES OF RESERVATIONS
Boston, Massachusetts

Dear Mr. Frothingham:

I have examined the Balance Sheet of THE TRUSTEES OF RESERVATIONS as of October 31, 1963 and the related Statements of Income and Expense and Changes in Funds for the year then ended. My examination was made in accordance with generally accepted auditing standards, and included such tests of the accounting records and other auditing procedures as I considered necessary in the circumstances.

In my opinion the accompanying Balance Sheet and Statements in support thereof present fairly the financial position of THE TRUSTEES OF RESERVATIONS at October 31, 1963 and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

BEQUESTS TO THE TRUSTEES

The Trustees of Reservations receive no public funds whatsoever.

The sole support for the work of The Trustees comes through voluntary annual subscription, together with the unrestricted income from endowments. Your Standing Committee, on behalf of The Trustees as a self-perpetuating body, appeals to everyone who loves the shore and countryside of this Commonwealth—and who would see its remaining beauty preserved—to arrange personally, or to suggest the arrangement of, benefactions to The Trustees in order that this organization may the better fulfill its obligations.

FORM OF BEQUEST TO TRUSTEES

"I give, devise and bequeath to The Trustees of Reservations, a Corporation organized and existing under the laws of the Commonwealth of Massachusetts, the sum of \$..... to be applied to the general uses and purposes of said Organization."

Contributions to The Trustees of Reservations are deductible under Federal Income Tax Law.

THE LAURENCE B. FLETCHER MEMORIAL LECTURE

A lecture, by means of colored slides or movies, depicting the work of The Trustees and their various reservations, is available without charge excepting for nominal transportation costs. Mutually convenient lecture dates can be arranged with the Executive Secretary who will be pleased to show this lecture to interested groups and organizations.

Those interested may communicate with the head office at 224 Adams Street, Milton, Mass. 02186.
